10. Packed By: Warehouse, City, WA, Zip code
11. Pool and hour code (optional)

#### CMI GS-128 BARCODE

AI- Application Identifier

GTIN

# MAP Bags & Materials

- Export would like to go exclusively with white MAP bags.
- If you have an inventory of clear MAP (Lifespan) bags please continue using them until your supply is out then go solely to the white bag.
- “Signature Sweet” 5 kilo box is used strictly for Export. Please fill with 5 Kilo’s of red cherries or 4 Kilo’s of Rainier cherries.
- Also, we will be using a light blue MAP bag for the Signature Sweet boxes. The supplies of both the box and the MAP bags can be ordered through Spinners. Please use the signature sweet seal to close the blue liner.

- Black Soaker Pads for Export. CMI believes these are a good idea as they had a fair amount of complaints for excessive moisture in the export pack. Packers will need to make the final call on that. For sure would want to use them when packing for ocean shipments.
- Plastic air pallets for Export – Start ordering plastic air pallets required by the airlines. Each shipping dock should have the contact information for the company that produces these.

## Red Cherry & Rainier Cherry

12- 2.25# **Red Pouch** Bag (27# net wt.)

12-1.25# **Rainier** Pouch Bag (15# net wt.)

**Please use up the bags with NO UPC first, once they are gone, please use UPC bags moving forward**

**(do not reorder NON UPC bags)**

Brooks and Tulare are NOT Allowed

### REQUIRED GRADE

Walmart Standard

Walmart grades to U.S. No. 1 standards, but with a higher tolerance for damage-level pitting. An additional 8% Pitting will be allowed on Chile / Argentina Cherries, for a total defect tolerance of 20%.

U.S. No.1 consists of sweet cherries which meet the following requirements:

- a. Similar varietal characteristics;
- b. Mature;
- c. Fairly well colored;
- d. Well formed; and
- e. Clean.
- f. Free from:
  1. Decay;
  2. Insect larvae or holes caused by them;
  3. Soft, overripe or shriveled;
  4. Undeveloped doubles; and
  5. Sunscald.

## CHERRIES - RED - RED BAG

WALMART QUALITY SPECS

### PRODUCT GUIDELINES

**Weight:** must meet or exceed weights printed on the label.  
**Pack** must match PO item description.  
 All DC's - Row 11 (61/64") and larger.  
 Transport at 32°F; Reefer set to continuous run

### REQUIRED GRADE

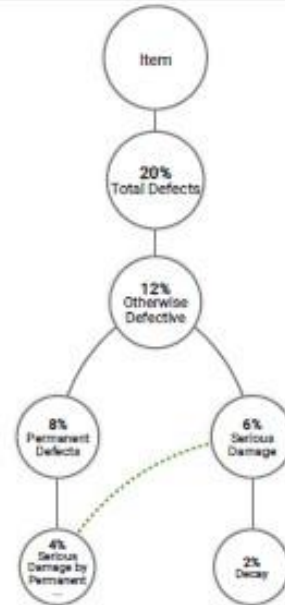

Walmart Standard

Walmart grades to U.S. No. 1 standards, but with a higher tolerance for non serious damage including pitting, pebbling, scarring and non serious bruising. An additional 8% will be allowed for a total defect tolerance of 20%.

U.S. No. 1 consists of sweet cherries which meet the following requirements:

- Similar varietal characteristics;
- Mature;
- Fairly well colored;
- Well formed; and
- Clean.
- Free from:
  - Decay;
  - Insect larvae or holes caused by them;
  - Soft, overripe or shriveled;
  - Undeveloped doubles; and,
  - Sunscald.
- Free from damage by any other cause.
- Size. Unless otherwise specified, the minimum diameter of each cherry shall be not less than three-fourths inch. The maximum diameter of the cherries in any lot may be specified in accordance with the facts.
- For tolerances see §51.2648.

### USDA TOLERANCES

#### ETHYLENE

Production: No
